

Atique Ahmad

Computer Engineer

Profile

I am currently pursuing a Bachelor of **Computer Engineering** from **Information Technology University (ITU) Lahore** (3rd year). I became interested in computer science during my school days. I am very interested in programming, **web development**, and machine learning because, in the end, I will be able to contribute my knowledge of electrical and computer science to the field of research and move on. With expertise in **C++** programming (**OOP, DSA**), **Computer Communication & Networks**, web development, operating systems, and **database management systems (SQL)** as well as machine learning specialist technologies, I have learned a lot from this course. I want to work in a conducive environment where hard work and honest efforts are appreciated and rewarded.
