Atique Ahmad

Computer Engineer

👤 Profile

I want to work in a conducive environment where hard work and honest efforts are appreciated and rewarded.

💼 Employment History

Mar, 2017 - Present

I am currently pursuing a Bachelor of Computer Engineering from Information Technology University (ITU) Lahore (3rd year).

- I am very interested in programming, web development, and machine learning because, in the end, I will be able to contribute my knowledge of electrical and computer science to the field of research and move on. With expertise in programming (OOP, DSA), web development, operating systems, and database management systems (SQL) as well as machine learning specialist technologies, I have learned a lot from this course.
- Building quality websites and applications with HTML5, CSS3, JavaScript, Tailwindcss.com, Bootstrap, etc. Here is my Portfolio link: https://atique22.github.io/AtiquePortfolio.github.io/
